- Home / Small Business Light
- Task Light
- Cooking Light
- Outdoor Light

Benefits

- Always-Ready light backup for situations of power-cut or missing electricity supply
- Cost savings in comparison to kerosene, gas and disposable batteries

Uno 50

All-in-One Ultra Affordable Solar LED Light

Uno 50 is Niwa's ultra-affordable entry-level solar LED light solution. An all-in-one (solar & re-chargeable battery integrated) solar lamp for complete energy independence leaving all the downsides of kerosene light behind. Uno 50 offers up to 50 lumen of light in its highest light mode for 2 hours. In the first setting comfortable 20 lumen run for 5 hrs - a brightness level which is decent for reading, cooking or lighting up a room. It's innovative battery technology leaves behind all the downsides of today's laptop and cell phone batteries: Extreme long lifetime, no-Memory effect and eco-friendliness.

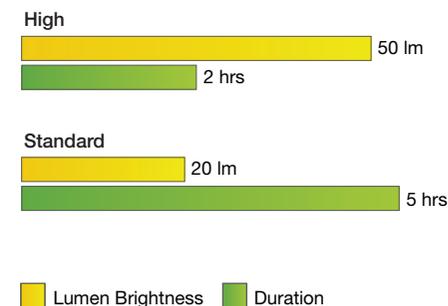

At a low price, Uno 50 offers unseen quality and performance. What's more, clever design has made Uno 50 a versatile product that can be used in many situations: not only is it the perfect study light, it can also be hung on a wall or ceiling to flood a room with clean bright light.
